

Joint Call of the Bavarian State Ministry of Education, Science and the Arts and the Ministry of Education, Youth and Sports of the Czech Republic for joint projects 2016-2017

Geförderte Projekte im Zeitraum 2016-17

Bayerische Hochschule	Tschechische Hochschule oder Forschungseinrichtung	Titel des Projektes
Technische Hochschule Deggendorf	Brno University of Technology	Nanoscale characterization of materials and devices
Friedrich-Alexander-Universität Erlangen-Nürnberg	Palacký University Olomouc	Advanced nano-heterostructures as photoanodes for solar water splitting
Hochschule Aschaffenburg	Czech Technical University in Prague	Project JEUMICO Joint European Mirror Competence
Technische Universität München	Institute of Organic Chemistry and Biochemistry / Institute of Physics of the Czech Academy of Sciences	Ferrocene-based molecular nanostructures
Technische Universität München	Brno University of Technology	Investigations on the local behaviour of highly loaded contacts in gear drives
Universität der Bundeswehr München	Tomas Bata University in Zlin	Experimental investigation on rubbers' mechanical behaviour under fatigue loading conditions including chemo-thermomechanical ageing
Universität Bayreuth	Charles University in Prague	Scientific Cooperation of the Department of Sport Management at Charles University, Czech Republic and the Department of Services Management at University of Bayreuth, Germany
Ostbayerische Technische Hochschule Regensburg	Brno University of Technology	New approaches in structural analysis of soft biological tissues
