Conference on Green Technologies and Innovations in the Czech Republic, Saxony and Bavaria.

Environmental challenges due to climate change such as annual droughts or dwindling water levels are rising. At the same time the European Green Deal and the effects of the corona pandemic have triggered discussions about investments in future technologies. The conference shall have a look at current innovations in different areas of green technologies and sustainable solutions, and will provide a platform of exchange for researchers, companies and policy makers from the Czech Republic, Saxony and Bavaria.

With the participation of:

Richard Brabec, Minister of the Environment

Tomáš Petříček, Ph.D., Minister of Foreign Affairs

Wolfram Günther, Minister of Energy, Climate Protection, Environment and Agriculture of the Free State of Saxony

Bernd Sibler, Minister of Science and Culture of the Free State of Bavaria

Dr. Christoph Israng, Ambassador of the Federal Republic of Germany

Moderator: *Tomáš Sacher*
